GENEALOGICAL RESEARCH AIDS

PREFACE

T 27553

It was the purpose of this compiler of genealogical materials to offer the reseacher the most accurate transcription of the original documents as possible. Because of the nature and condition of those documents and the necessity of interpreting the handwriting of the census taker, it was necessary to make judgements that may not be accurate in the light of information the researcher has in his possession.

Several items that came to the attention of the compiler may be of interest to the researcher. Page 20 of the census was included but was blank. There was, however, no page 30. Also of special note were dwelling numbers 110 and 121 concerning the Flehman/Fleshman family. This appeared to be the same family even with possible misspelling of the surname and a different birthplace for one of the individuals.

There were some obvious errors made in recording or providing information for this census. A hot, humid July in south-eastern Arkansas could possibly account for such things as misnumbering of dwellings, for example. All entries were transcribed, however, as nearly as possible to the original record. Any errors that are the responsibility of the compiler are deeply regretted.

Dedicated to

JOSEPH H. KEITH

the twenty-three year old from Massachusetts
who alone recorded the entire Chicot County
population of 1860

INTRODUCTION

The federal census of Chicot County, Arkansas was recorded in 1860 from June 1 through July 27 by Joseph H. Keith. The form used to record the census provided for the following items. Those items shown with an asterisk are included in this book.

- * 1. Dwelling-houses--numbered in the order of visitation.
- 2. Families--numbered in the order of visitation. The number used for the dwelling and families was the same.
- * 3. Name of every person whose usual place of abode on the first day of June 1860 was in this family. Each page of the census form provided space for the names of forty (40) individuals.
- * 4. Age. The age of children less than one year of age was shown as a fraction of twelve (12) months, i.e. a three month old child's age was shown as 3/12.
- * 5. Sex. The abbreviations of M for male and F for female were used.
- 6. Color - white, black, or mulatto.
- * 7. Profession, occupation, or trade of each person over 15 years of age.
- 8. Value of real estate.
- 9. Value of personal estate.
- * 10. Place of birth - state, territory, or country.
- 11. Married within the year.
- 12. Attended school within the year.
- 13. Persons over 20 years of age who cannot read and write.
- 14. Whether deaf and dumb, blind, insane, idiotic, pauper or convict.

This census compiled from microfilm Roll Number 38-653
Vol 1 (457-96) from the National Archives.
